

NEBOSH Award in Health & Safety at Work

The NEBOSH International General Certificate (IGC) offers an excellent base in occupational safety and health for individuals and help them manage risks more efficiently. Teaching all the necessary safety techniques to be followed to safeguard the lives and properties in workplaces, the safety officer course follows all international standards and practices and is suitable for workers from any industry sector, anywhere in the globe. The course can be studied through classroom modes. NEBOSH IGC is also a perfect launching pad for NEBOSH International Diploma.

The course is ideal for working professionals such as managers, employee representatives, supervisors, or those looking to begin their career in health and safety sector. The NEBOSH International Certificate is given high regard by employers worldwide.
